

**GREAT FALLS COLLEGE MSU
ASSOCIATE OF SCIENCE in NURSING
REGISTERED NURSE**

**Student Information and
Application Packet
Fall 2026**

(Applications are subject to change from year to year)

Priority application due date: May 30, 2026

Keep pages 1 - 8 for your records

Educational Program

The Associate of Science in Nursing (ASN), Registered Nurse program is approved by the Montana State Board of Nursing, permitting students to sit for the national licensure examination for Registered Nursing (NCLEX-RN) and to begin a successful career as a registered nurse. After prerequisite coursework, the ASN Registered Nurse program consists of four consecutive semesters. The coursework for the program is competency-based and has the primary goal of preparing graduates with the knowledge, skills, and values to enter the workforce after passing the NCLEX-RN exam.

Students will need to be able to commit to a full week (Monday-Friday) while enrolled in program courses. Students are in class or at clinical for fall and spring semesters, with time off during the summer semester. This program is extremely fast-paced and challenging with multiple tests, quizzes, and assignments due each week. The majority of students will find it necessary to spend time outside of the classroom studying and practicing lab/clinical skills. A good rule of thumb is that for every class hour, at least 3 hours in preparation or in the completion of assignments will be necessary to be successful.

Program Expenses

The ASN Registered Nursing Students will be required to obtain educational computer software, course texts, personal equipment, uniforms, and supplies and provide their own transportation to clinical sites. If needed, students should begin planning early for financial aid to meet their educational needs. Approximate program costs can be found in the current catalog online at <http://catalog.gfcmu.edu/academic-programs/registered-nurse/#estimatedcosttext>.

Uniforms will include: royal purple scrub top, black scrub pants, nursing program shoulder patch, closed toe shoes, watch with second hand, stethoscope, manual blood pressure cuff, pen light, bandage scissors and lab coat as examples.

Admission to Great Falls College MSU

Students must be admitted to the Great Falls College MSU and in good academic standing PRIOR to the submission of the ASN Registered Nurse program application. Applications will not be reviewed unless the applicant has been first admitted to the College and official transcripts reviewed by the Registrar.

Acceptance to Great Falls College MSU requires a completed admissions application file, which may be obtained by visiting the campus, calling the Admissions at (406) 268-3700 or applying online at <https://gfcmu.edu/home/admissions/>

Eligibility for Admission into the Associate of Science in Nursing, Registered Nurse Program

All eligibility forms and documents are enclosed in the Associate of Science in Nursing, Registered Nurse program Information and Application Packet.

To be eligible to apply for admission into the ASN Registered Nurse program, applicants must:

- Show that they have been admitted to Great Falls College MSU
- Have a complete admissions file and are currently in good academic standing.
- Have completed all prerequisite course work with a "C" (not "C-") grade or higher with a minimum cumulative GPA in prerequisite course work of 2.5.

- Prerequisite coursework can be taken at other institutions, but it is the applicant's responsibility to confirm those courses are equivalent to the program's prerequisites and are transferable to this institution prior to submitting their application.
 - Coursework taken at other educational institutions may be designated as equivalent courses for Great Falls College MSU. For a current listing of approved equivalent courses, visit the Transfer Guide under Student Information at: https://apexprod.msu.montana.edu/apex/r/esg/s_transfer_eq_gf/home?session=16866600483292
 - All transfer work must be from an [appropriately-accredited](#) institution.
 - If you have additional questions about transferability of courses, send a written request for evaluation of your prior transcript to the Registrar at Great Falls College MSU. Please include appropriate course descriptions and official transcripts from former colleges with your request for evaluation. Send to:

Registrar's Office
Great Falls College MSU
2100 16th Ave. South
Great Falls, MT 59405
(406) 771-5128

- Current students may apply during the spring semester before the fall program intake. They can apply before finishing their prerequisites and may be considered for conditional acceptance if space is available. Final determination will be made after satisfactory completion of the prerequisite courses.
 - Applicants may have prerequisite courses in progress at time of application, which should be noted in the application when and where the courses are being taken. A conditional offer of acceptance may be offered to applicant if there is availability in the program, pending successful completion of all requirements.
 - Applicants that have fully fulfilled requirements will have precedence over those that are in progress. An example of students in progress would be those that are enrolled in summer course(s) but have not yet completed the course(s) at time of application submission.
- It is the applicant's responsibility to ensure that all requirements are met by the established deadline. Deadlines, guidelines, and policies apply equally to all students; thus, there can be no exceptions.

Transfer Policy from another Nursing Program

- Applicants previously enrolled in **ANY nursing program** must report that enrollment and provide official transcripts from that institution.
 - Prospective students that are currently enrolled in, who have withdrawn from, or failed out of another nursing program will be required to provide a written, detailed explanation of the circumstances of their withdrawal or failure **AND** a letter of recommendation by at least one current faculty member or the program director from the previous nursing program.
- All applicants must meet admission requirements for Great Falls College MSU and submit an application for the ASN Registered Nurse program
- All applicants are required to take part in the competitive entry process and will be considered for placement in the appropriate semester based on available space in the class and/or clinical

in which they would enter. Application does not guarantee acceptance.

- No transfer nursing coursework will be accepted unless a grade of “C” or better (not “C-”) was earned.

Equal Opportunity Policy, Non-Discrimination and Harassment Policy

The Montana State University campuses are committed to a learning and working environment that emphasizes the dignity and worth of every member of its community that is free from discrimination, harassment, and retaliation based upon race, color, religion, national origin, creed, service in the uniformed services (as defined in state and federal law), veteran status, sex, gender, age, political ideas, marital or family status, pregnancy, physical or mental disability, genetic information, gender identity, gender expression, or sexual orientation (taken together, generally, “protected-class harm”). An inclusive environment is necessary to a healthy and productive college community. The college will take appropriate action to prevent, resolve, and remediate protected-class harm.

Great Falls College Montana State University prohibits and will not tolerate discrimination, harassment, sexual misconduct, dating violence, domestic violence, stalking, or retaliation on its premises, within any of its programs, services or other College-sponsored activities, or by anyone acting as an agent of the College. Great Falls College Montana State University is committed to providing and ensuring a safe, positive learning environment that is free from harassment.

In order to maintain consistency across the Montana State University affiliation, Great Falls College MSU follows a four-campus policy in regards to discrimination, harassment and retaliation. The policy and references can be found here: https://www.gfcmsu.edu/wp-content/uploads/2025/10/301_1.pdf

The College’s Equal Opportunity Officers are as follows:

- For students, the Executive Director of Student Services, 2100 16th Avenue South, Great Falls, MT 59405. Telephone: 406-771-5123
- For employees, the Human Resources Manager, 2100 16th Avenue South, Great Falls, MT 59405. Telephone: 406-268-3701

Statement about Disability Services

The Americans with Disabilities Act (ADA) is a federal anti-discrimination statute that provides comprehensive civil rights protection for persons with disabilities. Among other things, this legislation requires that all students with disabilities be guaranteed a learning environment that provides for reasonable accommodation of their disabilities. Instructors must receive an official letter from the Academic Success & Accessibility Office in order to provide accommodations. If you believe you have a disability requiring an accommodation, please contact the Director of Academic Success and Accessibility by calling 406-771-4311 to schedule an appointment. <https://gfcmsu.edu/home/current-students/asa/>

Program Admission Process

The ASN Registered Nurse Program Admissions Committee reviews application packets and uses established admissions criteria to rank applicants for admission. The Application Evaluation form used by the committee is enclosed. Criteria for selection emphasize academic performance in prerequisite courses, previous education, and healthcare work experience.

Application Submission Instructions: DUE DATE May 30, 2026

Completed program application packets are accepted on an ongoing basis but must be submitted by the deadline.

- Application packets are due on or before the **priority application date of May 30, 2026**
 - **Hand-deliver** your application to the Admissions Office in Student Central at Great Falls College, 2100 16th Avenue S, Great Falls MT
- **OR**
- **Mail** your application to Attn: ASN Registered Nurse Program Admissions Committee, Great Falls College Admissions, 2100 16th Ave S, Great Falls, MT 59405
 - * It is the applicant's responsibility to ensure the mailed application is postmarked by the deadline date. To ensure your mail is postmarked on a specific day, you must request a manual postmark or use certified or registered mail (learn more at usps.com) or ship through UPS or FedEx and use their tracking services.*
- Items sent separately and at random are easily lost or misfiled. We are not responsible for any late, lost or misfiled information. Please only send required documentation as other supplemental items will be discarded.
- It is the applicant's responsibility to ensure that all requirements are met by the established deadline. Deadlines, guidelines, and policies apply equally to all students; thus, there can be no exceptions.
- Late applications may be considered if there are not enough qualified applicants to fill the spots available and lab/clinical sites are already established.
- Submission of false material in this Application Packet will be grounds for non-admission or, if discovered after admission, grounds for expulsion.
- Applications with requirements not met at the time of the application deadline may be provisionally admitted pending fulfillment of ALL requirements.
- If a full class of 25 ASN students cannot be initially attained, then incomplete or late applications may be looked at for possible admission.
- Applications with requirements not met at the time of the application deadline may be provisionally admitted pending fulfillment of ALL requirements.
- Great Falls College MSU's ASN Program does not maintain a waiting list. Applicants must reapply each year.

Application Scoring

- For applicants who have taken courses multiple times, the most recent verifiable grade will be used for scoring /GPA calculations.
- Points and GPAs will be calculated by the Registrar's Office and grade points will be calculated using the current catalog criteria which includes +/- weighing. Plus or minus is equivalent to the following:

(A) = 4	(B+)= 3.3	(C+) = 2.3
(A-) = 3.7	(B) = 3	(C) = 2
	(B-) = 2.7	

- In the following situations, there is no grade assigned for calculation, scoring purposes, or GPA, but credits will be accepted. In these situations, the total points will convert to percentages for ranking.
 - Students who have been awarded credit for successful performance in subject examinations of the CLEP or DSST programs

- Students who have been awarded credit for successful performance in subject examinations of the AP program for scores of 3, 4 or 5.
- Students who have been awarded Passing (P) grades for Prior Learning Assessment
- For students who have additional education attainment, the Registrar's Office will verify degrees awarded from official transcripts. All transfer work has to be from an [appropriately accredited](#) institution and official transcripts are required to be on file with the Great Falls College Registrar's Office.

Students accepted into the ASN program are required to provide proof of the following prior to the start of the nursing program:

DO NOT SUBMIT THIS or related documentation WITH YOUR APPLICATION.

Other requirements and the upload of original documentation will be needed in the fall once starting in the program.

CPR Certification:

- To be eligible to start the nursing program, a student must maintain **PROVIDER** CPR certification through the **American Heart Association**. No other forms of certification will be accepted and may make a student ineligible to start the program.

Immunizations:

Some series require a 6 month wait between shots, so if you haven't started the series, you should as soon as possible.

- Varicella immunity. This can be in the form of 2 chickenpox/varicella vaccines or positive antibody titer
- Tdap vaccination within the last 10 years
- Hepatitis B immunity. This can be in the form of the 3-dose vaccine Hepatitis B series or positive antibody titer
- MMR immunity. This can in in the form of positive antibody titers or the 2-dose vaccine MMR series
- Negative tuberculin skin test (TB PPD) within the past 12 months or documentation of a positive reactor with negative x-ray. This can also be documented with a negative QuantiFERON gold level.
- Students will be required to receive the influenza vaccine as part of the program for each year in which they are enrolled.
- Clinical/practical/lab/internship sites may require other documentation/proof of vaccination besides those required by Great Falls College or the nursing program.

Student Health Insurance

Nursing program students entering the clinic setting must carry medical health insurance. Health insurance is available through the college for students who do not have other health insurance. Students will be financially responsible for their health care if they become ill or are injured in the clinical setting.

All Great Falls College students enrolled for six (6) or more credits are required to have health insurance. For students without coverage, Great Falls College offers a program developed especially for students by Blue Cross/Blue Shield of Montana. This plan provides coverage for injuries and illnesses on or off campus. Please visit <https://gfcmsu.edu/home/current-students/studentengagement/wellness/student-insurance/> for more information.

Health Sciences Division Policy: Student Background Checks

- To promote patient safety and decrease institutional liability, clinical agencies require students to have cleared a background check and drug screening before they will permit the students in the clinical setting. To meet these requirements, Great Falls College requires that the check/screening be done prior to placement in any clinical agency.
- Background checks/drug screenings are done at the student's expense. Students with background checks that reveal a finding, or positive drug tests will be evaluated individually to determine whether they will be eligible for clinical placement and state licensure for their respective degree program.
- Information about how to obtain the appropriate background check and drug testing will be provided in the acceptance letter to the nursing program.

Notification of Acceptance

Accepted students will be notified of their acceptance into the program by **July 10, 2026**. This notification will be electronic through DocuSign to the email on your application.

Accepted students will receive, and must complete and return, the intent to enroll form sent to your email through DocuSign. If this electronic letter of intent to enroll is not returned by the assigned date, the place will be offered to another applicant.

Accepted students will be registered for classes by college staff upon receipt of their electronically signed intent to enroll form.

Students not accepted will be notified by **July 25, 2026 via email**.

Associate of Science in Nursing, Registered Nurse Curriculum

Prerequisite Coursework

All prerequisite coursework must be completed with a minimum grade of C (not a C-) in each course and a minimum cumulative GPA in prerequisite coursework of 2.5. Grades in prerequisite courses are a major factor in ranking applications for program acceptance. A list of all prerequisite coursework can be found in the current catalog online at <http://catalog.gfcmsu.edu/academic-programs/registered-nurse/#programrequirementstext>.

Science courses must include a lab and be completed within 5 years of application to the program. All other courses must be completed within 15 years of applying to the program. For additional information on age of credits, contact the Nursing Program Director. (Although unlikely, acceptance of science courses that are older than five (5) years is at the discretion of the Program Director)

ASN RN Program Coursework after Formal Acceptance

In order for a student to graduate from the Nursing Program all course requirements must be completed as stated in the current catalog, <http://catalog.gfcmsu.edu/academic-programs/registered-nurse/#programrequirementstext>. This includes completing all nursing courses with an overall grade no less than a C (75%) and a cumulative course test average of no less than 75% (calculated at the end of the semester).

The Nursing Program standards and requirements in relation to the grading scale and attendance are

more rigorous and strict than the general requirements for Great Falls College MSU. This increased level of expectation is necessary to prepare students for the NCLEX and to ensure graduates are prepared for professional employment in the field of nursing. Clinical and Lab courses are "Pass / Fail." To "Pass" a Clinical or Lab the student must have 75% or more of the available points for the course as well as "Pass" **all** Lab skills assessments.

Students are also encouraged to take PSYX 100, SOCI 101, and BIOM 250 w/lab prior to program acceptance due to workload requirements of the ASN Registered Nurse program.

Questions? Contact the Health Science Program Assistant Phone: 406-771-4350

Submit pages 9 – 15 as application packet

GFC MSU Student ID: _____

Eligibility Assessment: (Place "Y" in blank to indicate requirement has been addressed)

Admitted to Great Falls College MSU; file complete, simply check with Admissions	
In good academic standing	
Each Prerequisite Course completed with minimum grade of "C" (not C-) or higher	
Cumulative Pre-requisite GPA is a 2.5	
Have you ever been enrolled in a Nursing Program? <i>If yes, list when and where.</i> _____ <ul style="list-style-type: none"> Official transcripts are required to be on file with the Great Falls College Registrar's Office 	Mark one: NO <input type="checkbox"/> YES <input type="checkbox"/>
Have you enrolled in a Nursing program AND did not graduate? <ul style="list-style-type: none"> You must also include a written explanation for leaving AND one (1) Nursing Faculty or Program Director reference from that program. 	Mark one: YES <input type="checkbox"/> N/A <input type="checkbox"/>

Admissions Criteria Score:

Please summarize your course work by completing the tables below, with official transcripts on file with the Great Falls College Registrar if courses were taken at another institution. Science courses must be completed within 5 years (2021) of applying for Registered Nurse Program and must include a lab component and other courses must be completed within 15 years (2011) of applying to program.

**Please include if class occurred face-to-face (you went on campus), or hybrid (a mix of on campus & online), or completely online. Information on the delivery method of the course is for data gathering purposes only and will not impact the scoring of your application.*

A. Performance in Prerequisite Courses (62 points possible):

Grade A = 4, A- = 3.7, B+ = 3.3, etc. Multiply that number by the Emphasis = points

Great Falls College MSU Course	Course #	Institution and year course was completed	*Delivery – online, hybrid or face-to-face	Grade/Points		Emphasis		Points
<i>(For ex) Microbiology</i>	<i>BIOM 250</i>	<i>GFC MSU - 2015</i>		<i>A(4)</i>	x	<i>1</i>	=	<i>4</i>
Human A&P I w/Lab	BIOH 201				x	5	=	
Human A&P II w/Lab	BIOH 211				x	3	=	

Either: Intro to Gen. Chem w/Lab	CHMY 121				x	3	=	
or BOTH College Chem I + II w/Lab	CHMY 141 AND CHMY 143					3		
College Writing I	WRIT 101				x	2	=	
One of the following: College Math for Healthcare	M 140 or				x	2.5	=	
College Algebra Precalculus Calculus I	M 121 or M 151 or M 171				x	2	=	

If lab and lecture were taken as separate courses, the emphasis will be calculated based on the ratio of the appropriate credits for each course component. **For example:**

<i>Human A+P lecture (3cr)</i> <i>Human A+P Lab (1cr)</i>	<i>B in lecture (3x.75= 2.25)</i> <i>A in lab (4x.25=1)</i> <i>2.25+1 = 3.25</i>	3.25	x	5	=	16.25
--	--	------	---	---	---	-------

Total Prerequisite Score = _____

B. Performance in Program Corequisite Course (12 points possible):

Grade A = 4, A- = 3.7, B+ = 3.3, etc. (Multiply that number by the Emphasis = points)

Great Falls College MSU Course	Course #	Institution and year course was completed	*Delivery – online, hybrid or face-to- face	Grade/ Points		Emphasis		Points
Microbiology for Health Science w/Lab	BIOM 250				x	3	=	

Total Program Corequisite Course Score = _____

C. Hours of Healthcare Work Experience (1 point max):

Defined as paid healthcare work experience with direct, human, hands-on patient care (not of a family member). This may include, but is not limited to, bedside care or scheduled interactions of multiple humans, assisting or performing skilled duties for the individuals (feeding, ambulating, dressing, bathing, taking vital signs, range of motion, etc.)

Verification form (page 16) is required and must be hand filled in (**NO printed job descriptions**). Work experience submitted without a completed verification form will not be considered. A separate form is required for each employer. (See attached form) *Work experience is only considered within the past 5 calendar years.*

Health Care Employment Experience	Points
At least 500 hours of paid work experience with direct human patient care	1

Total for Healthcare Employment Experience: Score = _____

D. Current Medical Certification (1 point max)

Medical Certification	Points
Current Medical Certification (CNA, CMA, Phlebotomist, Pharmacy Tech ONLY) Please upload proof of current certification.	1

Total Medical Certification Score = _____

E. Previous Educational Attainment (3 points max –points awarded for one degree only)

Degree Attained	Points
Certificate of Applied Science (NOT Certificate of Technical Science)	1
Associate Degree	2
Bachelor Degree	3

List Where Degree Attained & When: _____

Verification required (Official transcript with degree or certificate posted MUST be on file with GFC MSU Registrar and MUST be from an [appropriately accredited](#) institution of higher education.)

Total for Previous Educational Attainment Score = _____

Overall APPLICATION SCORE (A+B+C+D+E) =79 total points possible) _____

In case of a tie at the raw point level, these are the tie-breaking criteria:

- ✓ Veterans Priority of Service (**copy of DD 214 is required.**) then,
- ✓ Grade in BIOH 201 then
- ✓ Grade in CHMY 121 then
- ✓ Grade in NUTR 121 or NUTR 221 then
- ✓ Grade in AHMS 144 course then
- ✓ Highest prerequisite GPA

Technical Standards (page 1 of 3)

Great Falls College MSU Nursing Programs

The technical standards for the ASN Registered Nurse Program at Great Falls College MSU are considered criteria for admission to the program and are listed below.

If you have questions or concerns about your ability to meet the technical standards with or without accommodations, or if you would like to arrange reasonable accommodations, you should contact Disability Services. Applicants who disclose a disability are considered for admission if they are otherwise qualified so long as such accommodation does not significantly alter the essential requirements of the curriculum and the educational program, or significantly affect the safety of patient care or others.

To successfully complete the Nursing Program, students must demonstrate their competency in carrying out tasks necessary for safe and effective practice in the field, including:

Observation/Sensory-Motor

- Accurately identify and assess heart, breath, abdominal, and other sounds of the human body
- Accurately assess normal and abnormal color changes in the skin and observe pupil changes
- Accurately differentiate colors and recognize patient odors
- Detect and respond appropriately to activation/warning signals on equipment (including auditory and visual signals)
- Detect significant environmental odors
- Distinguish fine print on various medication labels
- Observe and assess conditions of a patient accurately, at a distance and close at hand, and observe non- verbal communication when performing nursing assessments and interventions or administering medications
- Observe and participate in all demonstrations and experiments in the basic sciences including computer assisted instruction
- Observe digital or waveform readings
- Perceive signs of disease and/or infection as manifested through physical examination including visual images of the body surfaces, palpable changes in various organs and tissues, and auditory information (patient voice, heart sounds, bowel and lung sounds)
- Read gradients/calibrations on a syringe

Communication

- Accurately document treatment information
- Communicate accurately and effectively in English with other students, faculty, staff, patients, families and other professionals in a culturally sensitive manner
- Communicate effectively in classroom presentations, seminars, simulation, practicum sites, practicum conferences, and online-formats
- Convey or exchange accurate information in a clear and efficient manner to obtain a health history, identify problems presented, and explain alternative solutions
- Effectively communicate with and respond appropriately to other healthcare professionals' questions, requests, and directions in classroom, lab and clinical settings

Technical Standards (page 2 of 3)

- Process and communicate information on the patient's status including changes in mood, activity and posture and non-verbal communications with accuracy in a timely manner to members of the health care team

Psychomotor

- Adjust and operate diagnostic or therapeutic devices by manipulating knobs, dials, and keyboards
- Answer patient call lights or intercom system to determine patient needs
- Assemble medical equipment and supplies
- Conduct laboratory and diagnostic tests and carry out physical assessments
- Coordinate fine and gross muscular movements to treat patients in emergency situations
- Engage in patient care delivery in all settings and deliver care to all patient populations including but not limited to children, adolescents, adults, individuals with disabilities, medically compromised patients and vulnerable adults
- Execute physical movements required to provide general care and treatment to all patients in all health care settings
- Move and position heavy and/or large equipment and patients
- Operate equipment typically found in the health care environment including IV pumps, cardiac monitors, and electric and manual blood pressure equipment, safe handling equipment
- Perform basic life support, ventilation/compression (including CPR and AED), and other basic life support functions
- Perform inspection, palpation, auscultation, percussion, and other diagnostic maneuvers
- Provide holistic nursing care and perform or assist with procedures, treatments, and medication administration
- Respond to emergencies precisely, consistently, accurately, and quickly
- Safely assist a patient in moving from one place or another
- Transfer patients from bed to chair, bed to stretcher, chair to bed as needed
- Transport patients in wheelchairs as necessary
- Turn/reposition bedfast patient

Intellectual-Conceptual, Integrative, and Quantitative

- Accurately perform mathematical calculations and calculate medication dosages & IV rates from instructions given
- Analyze, collect, and synthesize data to reach diagnostic and therapeutic judgments and to develop an appropriate plan of care
- Demonstrate factual, conceptual, procedural, and metacognitive knowledge
- Effectively perform chart reviews and continuous assessment of the patient's status
- Effectively prioritize multiple tasks
- Effectively take and record doctors' orders, patient histories, and subjective/objective findings
- Exercise good judgment in patient assessment
- Maintain accurate clinical records on patient care
- Manage the demands of time constraints and frequent interruptions
- Measure, calculate, reason, analyze, integrate, synthesize and problem solve in the context of the level and the focus of their curricular program
- Perform data entry tasks using available technology

Technical Standards (page 3 of 3)

- Perform universal precautions against contamination
- Provide all aspects of patient care including medication administration and treatments according to nursing unit guidelines
- Provide clear expression of personal ideas and feelings, demonstrations of bidirectional feedback, and sensitivity to persons with ideas and experiences that differ from their own
- Provide in-depth rationale for plan of care
- Use and interpret information from assessment techniques/maneuvers such as those involved in assessing respiratory and cardiac function, blood pressure, blood sugar, neurological status, etc.
- Use and interpret information related to physiologic phenomena generated from diagnostic tools (sphygmomanometer, otoscope, ophthalmoscope) during a comprehensive examination of a patient

Behavioral and Social Attributes

- Abide by the professional standards of practice defined by the discipline
- Demonstrate compassion, sensitivity, and concern for others
- Demonstrate understanding and adherence to professional standards of nursing
- Function effectively under physically taxing workloads including in times of physical and mental stress
- Function effectively under stress and to adapt to an environment that may change rapidly without warning and/or in unpredictable ways
- Maintain appropriate professional decorum in high stress situations and when exposed to unusual sights and smells
- Maintain confidentiality with regard to all phases of work

I understand that I will be expected to demonstrate competency in the technical standards stated above in order to successfully complete the program.

Student Signature _____

VERIFICATION OF PAID HEALTHCARE OCCUPATIONAL EMPLOYMENT

The Applicant can duplicate this form for additional employers/agencies.

Applicants to the Nursing Programs at Great Falls College MSU are granted additional points toward their application point total from prior or current employment in a Healthcare setting. The application process requires verification of paid work experience. Employers (either Supervisor or Human Resources representative) are asked to verify the applicant's description of job duties and number of hours of patient care using this form. *Work experience is only considered within the past 5 calendar years.*

INSTRUCTIONS:

Section I: Nursing Program Applicant completes **before** having the form completed by the employer.

Section II: The employer/agency official verifies information on form then signs and returns form to applicant. **No printed job descriptions will be accepted.**

Section I

Applicant Name: _____ Prior Name if applicable: _____

Facility Name and type: _____

Facility Address: _____

Length of employment (mm/dd/yy): from _____ to _____

Total Hours Paid Healthcare work: _____ Position: _____

Supervisor: _____

Complete a detailed description of Job Duties: (May continue on back or a separate piece of paper)

I understand the submission of false material in this Application Packet will be grounds for non-admission or, if discovered after admission, grounds for expulsion. Permission has been granted for Great Falls College MSU to verify the above information.

Applicant Signature: _____ Date: _____

Section II

Facility Name: _____ Phone: _____

Supervisor of Applicant, please print: _____

Mailing Address _____

City _____ State _____ Zip Code _____

I verify the information provided by the applicant to be accurate and true to the best of my knowledge. If applicant added additional details to description of job duties, I have signed that addendum also.

Signature of Supervisor and Date _____

It is the student's responsibility to be sure that all parts of this form are complete.
