2024 Notice of the Health Insurance Marketplace Coverage Options and Your Health Coverage

PART A: General Information

The Affordable Care Act (ACA) allows health insurance to be purchased through the Health Insurance Marketplace. To assist you as you evaluate options for you and your family, this notice provides some basic information about the Marketplace and employment-based health coverage offered by the Montana University System.

What is the Health Insurance Marketplace?

The Marketplace is designed to help you find health insurance that meets your needs and fits your budget. The Marketplace offers "one stop shopping" to find and compare private health insurance options. You may also be eligible for a tax credit that lowers your monthly premium. The open enrollment period for health insurance coverage through the Marketplace begins November 1st, for coverage beginning January 1st. Other enrollment opportunities may apply.

Can I Save Money on my Health Insurance Premiums in the Marketplace?

You may qualify to save money and lower your monthly premium, but only if your employer does not offer you coverage or offers coverage that doesn't meet certain standards. The savings on your premium that you're eligible for depends on your household income.

Does Employer Health Coverage Affect Eligibility for Premium Savings through the Marketplace?

Yes. If you are eligible for health coverage from your employer that meets certain standards, you will **not** be eligible for a tax credit through the Marketplace, and you may wish to enroll in your employer's health plan. However, you may be eligible for a tax credit that lowers your monthly premium, if your employer does not offer coverage to you, or does not offer coverage that meets certain standards. If the cost of a plan from your employer that would cover you (and not any other members of your family) is more than 9.12% of your household income for the year, or if the coverage your employer provides does not meet the "minimum value" standard¹ set by the ACA, you may be eligible for a tax credit.

Important Note: If you purchase a health plan through the Marketplace instead of accepting health coverage offered by your employer, you will lose the employer contribution to the employer-offered coverage. This employer contribution - as well as your employee contribution to employer-offered coverage - is often excluded from income for Federal and State income tax purposes. Your payments for coverage through the Marketplace are made on an after-tax basis.

How Can I Get More Information?

For more information about the coverage offered by the Montana University System, check your Summary Plan Description or contact your employer benefits representative.

The Marketplace can help you evaluate your coverage options, including your eligibility for coverage through the Marketplace and its cost. Visit **HealthCare.gov** for more information, including an online application for health insurance coverage and contact information for a Health Insurance Marketplace in your area.

An employer-sponsored health plan meets the "minimum value standard" if the plan's share of the total allowed benefit costs covered by the plan is no less than 60 percent of such costs (Section 36B(c)(2)(C)(ii) of the Internal Revenue Code of 1986).

Form W-4 (2024)

General Instructions

Section references are to the Internal Revenue Code.

Future Developments

For the latest information about developments related to Form W-4, such as legislation enacted after it was published, go to www.irs.gov/FormW4.

Purpose of Form

Complete Form W-4 so that your employer can withhold the correct federal income tax from your pay. If too little is withheld, you will generally owe tax when you file your tax return and may owe a penalty. If too much is withheld, you will generally be due a refund. Complete a new Form W-4 when changes to your personal or financial situation would change the entries on the form. For more information on withholding and when you must furnish a new Form W-4, see Pub. 505, Tax Withholding and Estimated Tax.

Exemption from withholding. You may claim exemption from withholding for 2024 if you meet both of the following conditions: you had no federal income tax liability in 2023 and you expect to have no federal income tax liability in 2024. You had no federal income tax liability in 2023 if (1) your total tax on line 24 on your 2023 Form 1040 or 1040-SR is zero (or less than the sum of lines 27, 28, and 29), or (2) you were not required to file a return because your income was below the filing threshold for your correct filing status. If you claim exemption, you will have no income tax withheld from your paycheck and may owe taxes and penalties when you file your 2024 tax return. To claim exemption from withholding, certify that you meet both of the conditions above by writing "Exempt" on Form W-4 in the space below Step 4(c). Then, complete Steps 1(a), 1(b), and 5. Do not complete any other steps. You will need to submit a new Form W-4 by February 15, 2025.

Your privacy. Steps 2(c) and 4(a) ask for information regarding income you received from sources other than the job associated with this Form W-4. If you have concerns with providing the information asked for in Step 2(c), you may choose Step 2(b) as an alternative; if you have concerns with providing the information asked for in Step 4(a), you may enter an additional amount you want withheld per pay period in Step 4(c) as an alternative.

When to use the estimator. Consider using the estimator at *www.irs.gov/W4App* if you:

- 1. Expect to work only part of the year;
- Receive dividends, capital gains, social security, bonuses, or business income, or are subject to the Additional Medicare Tax or Net Investment Income Tax; or
- 3. Prefer the most accurate withholding for multiple job situations.

Self-employment. Generally, you will owe both income and self-employment taxes on any self-employment income you receive separate from the wages you receive as an employee. If you want to pay these taxes through withholding from your wages, use the estimator at www.irs.gov/W4App to figure the amount to have withheld.

Nonresident alien. If you're a nonresident alien, see Notice 1392, Supplemental Form W-4 Instructions for Nonresident Aliens, before completing this form.

Specific Instructions

Step 1(c). Check your anticipated filing status. This will determine the standard deduction and tax rates used to compute your withholding.

Step 2. Use this step if you (1) have more than one job at the same time, or (2) are married filing jointly and you and your spouse both work.

Page 2

Option (a) most accurately calculates the additional tax you need to have withheld, while option (b) does so with a little less accuracy.

Instead, if you (and your spouse) have a total of only two jobs, you may check the box in option (c). The box must also be checked on the Form W-4 for the other job. If the box is checked, the standard deduction and tax brackets will be cut in half for each job to calculate withholding. This option is accurate for jobs with similar pay; otherwise, more tax than necessary may be withheld, and this extra amount will be larger the greater the difference in pay is between the two jobs.

Multiple jobs. Complete Steps 3 through 4(b) on only one Form W-4. Withholding will be most accurate if you do this on the Form W-4 for the highest paying job.

Step 3. This step provides instructions for determining the amount of the child tax credit and the credit for other dependents that you may be able to claim when you file your tax return. To qualify for the child tax credit, the child must be under age 17 as of December 31, must be your dependent who generally lives with you for more than half the year, and must have the required social security number. You may be able to claim a credit for other dependents for whom a child tax credit can't be claimed, such as an older child or a qualifying relative. For additional eligibility requirements for these credits, see Pub. 501, Dependents, Standard Deduction, and Filing Information. You can also include other tax credits for which you are eligible in this step, such as the foreign tax credit and the education tax credits. To do so, add an estimate of the amount for the year to your credits for dependents and enter the total amount in Step 3. Including these credits will increase your paycheck and reduce the amount of any refund you may receive when you file your tax return.

Step 4 (optional).

Step 4(a). Enter in this step the total of your other estimated income for the year, if any. You shouldn't include income from any jobs or self-employment. If you complete Step 4(a), you likely won't have to make estimated tax payments for that income. If you prefer to pay estimated tax rather than having tax on other income withheld from your paycheck, see Form 1040-ES, Estimated Tax for Individuals.

Step 4(b). Enter in this step the amount from the Deductions Worksheet, line 5, if you expect to claim deductions other than the basic standard deduction on your 2024 tax return and want to reduce your withholding to account for these deductions. This includes both itemized deductions and other deductions such as for student loan interest and IRAs.

Step 4(c). Enter in this step any additional tax you want withheld from your pay **each pay period**, including any amounts from the Multiple Jobs Worksheet, line 4. Entering an amount here will reduce your paycheck and will either increase your refund or reduce any amount of tax that you owe.

Form W-4 (2024)

Step 2(b) – Multiple Jobs Worksheet (Keep for your records.)

If you choose the option in Step 2(b) on Form W-4, complete this worksheet (which calculates the total extra tax for all jobs) on **only ONE** Form W-4. Withholding will be most accurate if you complete the worksheet and enter the result on the Form W-4 for the highest paying job. To be accurate, submit a new Form W-4 for all other jobs if you have not updated your withholding since 2019.

Note: If more than one job has annual wages of more than \$120,000 or there are more than three jobs, see Pub. 505 for additional tables; or, you can use the online withholding estimator at www.irs.gov/W4App.

1	Two jobs. If you have two jobs or you're married filing jointly and you and your spouse each have one job, find the amount from the appropriate table on page 4. Using the "Higher Paying Job" row and the "Lower Paying Job" column, find the value at the intersection of the two household salaries and enter that value on line 1. Then, skip to line 3	1	\$
2	Three jobs. If you and/or your spouse have three jobs at the same time, complete lines 2a, 2b, and 2c below. Otherwise, skip to line 3.		
	a Find the amount from the appropriate table on page 4 using the annual wages from the highest paying job in the "Higher Paying Job" row and the annual wages for your next highest paying job in the "Lower Paying Job" column. Find the value at the intersection of the two household salaries and enter that value on line 2a	2 a	\$
	b Add the annual wages of the two highest paying jobs from line 2a together and use the total as the wages in the "Higher Paying Job" row and use the annual wages for your third job in the "Lower Paying Job" column to find the amount from the appropriate table on page 4 and enter this amount on line 2b	2b	\$
	c Add the amounts from lines 2a and 2b and enter the result on line 2c	2c	\$
3	Enter the number of pay periods per year for the highest paying job. For example, if that job pays weekly, enter 52; if it pays every other week, enter 26; if it pays monthly, enter 12, etc.	3	
4	Divide the annual amount on line 1 or line 2c by the number of pay periods on line 3. Enter this amount here and in Step 4(c) of Form W-4 for the highest paying job (along with any other additional amount you want withheld)	4	\$
	Step 4(b) – Deductions Worksheet (Keep for your records.)		
1	Enter an estimate of your 2024 itemized deductions (from Schedule A (Form 1040)). Such deductions may include qualifying home mortgage interest, charitable contributions, state and local taxes (up to \$10,000), and medical expenses in excess of 7.5% of your income	1	\$
2	Enter: • \$29,200 if you're married filing jointly or a qualifying surviving spouse • \$21,900 if you're head of household • \$14,600 if you're single or married filing separately	2	\$
3	If line 1 is greater than line 2, subtract line 2 from line 1 and enter the result here. If line 2 is greater than line 1, enter "-0-"	3	\$
4	Enter an estimate of your student loan interest, deductible IRA contributions, and certain other adjustments (from Part II of Schedule 1 (Form 1040)). See Pub. 505 for more information	4	\$
5	Add lines 3 and 4. Enter the result here and in Step 4(b) of Form W-4	5	\$

Multiple Jobs Worksheet

Complete this worksheet if you have multiple jobs, or if you are married filing jointly with both spouses working. This worksheet calculates the total extra withholding for all jobs. Complete this worksheet on the Form MW-4 for the highest paying job for the most accurate results. The amount on line 4 is the additional amount to withhold from your wages.

1.	Two jobs. If you have two jobs or you are married filing jointly and you and your spouse each have one job, find the amount from the appropriate table on page 5 or 6. Using the "Higher Paying Job" row and the "Lower Paying Job" column, find the value at the intersection of the two household salaries and enter that value here.	1.	
2.	Three jobs. If you and/or your spouse have three jobs at the same time, complete lines 2a, 2b, and 2c below. Otherwise, skip to line 3.		
2a. Find the value at the intersection of the two household salaries and enter that value here.	2a.	
2b.	Add the annual wages of the two highest paying jobs from line 2a together and use the total as the wages in the "Higher Paying Job" row and use the annual wages for your third job in the "Lower Paying Job" column to find the amount from the appropriate table on page 5 or 6 and enter this amount on line 2b.	2b.

Beginning in Tax Year 2024, Montana's income tax system will change significantly. Taxpayers will see changes to filing statuses, tax brackets, and the calculation of Montana taxable income.

As a result of these changes, wage withholding determined before January 1, 2024, may not accurately reflect an employee's actual tax liability under the new system.

Employees should complete a new Form MW-4 beginning January 1, 2024, to ensure the correct amount of Montana income tax is withheld from their wages.

Employee Instructions

Purpose

Complete Form MW-4 so that your employer can withhold the correct Montana income tax from your pay. You should complete the form when you:

- Start a new job.
- Claim to be exempt from Montana income tax withholding.

Consider completing a new Form MW-4 if your personal or financial situation changes. If you do not have enough income tax withheld from your wages, interest and/or penalties may be assessed when you file your individual income tax return.

Line Instructions

Line 1 – Federal filing status. Select the federal filing status you will use when you file your income tax return. This will determine the standard deduction and tax rates used to compute your wage withholding. If you have multiple jobs, complete the Multiple Jobs Worksheet, and report the additional amount from line 4 of the worksheet on page 1, line 3.

Line 2 – Married Filing Jointly with Both Spouses Working. If you are married, both spouses work, and earn similar amounts, mark this box on this form and all Forms MW-4 for the other jobs. If this box is checked, the standard deduction and tax brackets will be cut in half for each job to calculate withholding. This is roughly accurate for jobs with similar pay; otherwise more tax than necessary will be withheld. If you or your spouse have multiple jobs, or if one spouse earns significantly more than the other, do not mark this box. Instead, mark box 1b, and complete the Multiple Jobs Worksheet on the Form MW-4 of the highest paid job. Report the additional amount to withhold on line 3 on the

Line 3 – Extra withholding. You may request to have an additional amount of taxes withheld from your paycheck on this line. If you want to receive a refund, you may enter an additional amount on this line.

Form MW-4 of the highest paid job.

If you receive pensions or annuities, you may ask the payer to withhold a flat amount that you report on this line.

You can choose to have Montana income tax withheld from your unemployment compensation. Report the amount you want the payer to withhold on this line.

Line 4 – Reduced withholding. If your income mainly consists of wages, and you expect to report large federal adjustments, federal itemized deductions, Montana subtractions, and/or Montana tax credits, you may direct your employer to only withhold the amount you report on this line. Your employer will not use the standard calculations for withholding. To calculate the amount needed, divide the amount of your expected tax by the number of pay periods in a year. Enter the amount to be withheld rather than the standard calculation. If this line is blank,

your withholding will be calculated based on the standard calculations.

CAUTION. This will reduce the amount of tax withheld and may result in a balance owing on your income tax return.

Line 5 – Exemptions. You must meet one of the following requirements to claim an exemption from Montana wage withholding:

- a. You are an enrolled member of an American Indian tribe living and working on the reservation of which you are an enrolled member. You must also complete line 1 or 2 because your exemption may not cover all the wages you earned in Montana.
- b. You are a member of the Montana National Guard and are receiving pay for active duty in the U.S. military under USC Title 10 orders. You must also complete line 1 or 2 because your exemption only applies to your pay derived from your USC Title 10 orders.
- c. Your wages are exempt from withholding because you are a resident of North Dakota. This exemption is available for residents of North Dakota because of the reciprocity agreement in place between North Dakota and Montana.
- d. You are the spouse of a military member assigned to duty in Montana, you and your spouse are domiciled in another state (the same state as one another) and you are present in Montana solely to be with your spouse.

To claim an exemption, give this form to your employer upon the start of your employment, or as soon as you qualify for an exemption. If it remains applicable, your exemption needs to be renewed before the beginning of the next year. Provide a new Form MW-4 to your employer each year or your employer will begin withholding. Do not forget to indicate the year.

Montana does not recognize the federal exempt status available on the federal Form W-4. Therefore, exemption from withholding for federal purposes does not exempt you from Montana income tax withholding.

An exemption from withholding is available only if the entire statement you marked on line 5 is true. If your situation changes, and your exemption is no longer valid, you must provide a new Form MW-4 to your employer with line 1 or 2 completed.

If you claim one of the exemptions from withholding, your employer must file an electronic copy of this form with the Department of Revenue.

An exemption from withholding is not an automatic exemption from filing a Montana income tax return. See Montana Individual Income Tax Return (Form 2) instructions for more guidance.

Employer Instructions

Montana wage withholding is required when wages are earned in Montana. Employers are liable for Montana withholding taxes and are only relieved of that liability once they have withheld the correct amount of taxes from the employees' wages for a given pay period.

Newly hired employees must complete this form when they begin working for you. Employees claiming to be exempt from Montana wage withholding must complete this form when they begin working for you and every year thereafter. Employees may file a new Form MW-4 if their personal or financial situation changes.

Keep the copies of all Forms MW-4 you receive from your employees with your records.

Exemptions from Montana Withholding

You must file your employee's Form MW-4 with the department if the employee is claiming one of the withholding exemptions listed on line 5. The form is due to the department by the last day of the payroll period in which the form was received and annually thereafter by January 31.

File online using the department's TransAction Portal (TAP) at https://tap.dor.mt.gov. Simply click on "File Form MW-4." Do not mail the Form MW-4 to the department.

If an exemption is claimed on line 5a or 5b, you must withhold taxes on any wages paid that do not meet the requirements of these exemptions.

Example: If 5a is marked, the exemption does not apply to wages earned from an enrolled member of a tribe, residing on his or her reservation, when the work is performed outside the reservation. Withholding is required on the wages derived from work performed outside the reservation, based on the filing status on line 1 or 2. If line 1 or 2 is not completed, the withholding is calculated using the single filing status until a new Form MW-4 is provided for the calculation of the withholding.

Invalid Forms MW-4

A Form MW-4 is invalid if the form is incomplete or lacks the necessary signatures. If your employee's Form MW-4 is invalid or incomplete, withhold Montana tax as if the employee is single.
